[hccrez@ausgrid.com.au](mailto:hccrez@ausgrid.com.au)

Scan to RSVP and to  
learn more about the  
HCC REZ project

Ausgrid, the preferred network operator for EnergyCo's Hunter-Central Coast Renewable Energy Zone (HCC REZ), is committed to supporting local jobs and suppliers throughout the delivery of this important project.

To help us connect with local expertise, we're hosting a meet and greet event to introduce our contractors and procurement teams to local businesses and suppliers.

This is a great opportunity to let us know about your services, connect with the Project team, and find out how you can get involved.
