Port to Renewable Energy Zones construction update

Central-West Orana REZ

Notification | August 2026

Asphalting works notification

EnergyCo is undertaking asphalting works, as part of the Port to Renewable Energy Zones upgrade, between Cassilis and Cobbora.

We are delivering upgrades along the State roads network to enable the delivery of oversize over mass (OSOM) equipment needed to build renewable energy zones across NSW and leave improved roads for the whole community.

What are we doing?

During the next few months we will be undertaking asphalting works, including milling, asphalting and spray sealing, at sites between Cassilis and Cobbora, including at the intersections of:

- Golden Highway and Spring Ridge Road, Cobbora
- Castlereagh Highway and Golden Highway, Dunedoo
- Castlereagh Highway and Barneys Reef Road, Birriwa
- Golden Highway and Vinegaroy Road, Cassilis,

and at the new pullover bays at:

- Golden Highway near Tongy Lane, Uarbry
- Golden Highway near Back Creek, Leadville

Work hours and timing

Asphalting works will be completed during daytime work hours, from **Monday to Saturday, 7am to 6pm.**

What will this mean for you?

During the works there will be traffic control, temporary lane closures and machinery operating adjacent to, or on the road. Lane closures will vary as the works progress. Access for road users will be maintained. We will make every effort to minimise noise and vibration impacts by turning off equipment when not in use and monitoring noise.

Please observe speed limits, follow the directions of traffic controllers and signs, plan ahead and allow extra travel time. For the latest updates, visit www.livetraffic.com or call 132 701. Thank you for your patience during this important work.

About EnergyCo

The Energy Corporation of NSW (EnergyCo) is a statutory authority responsible for leading the delivery of Renewable Energy Zones (REZs) as part of the NSW Government's Electricity Infrastructure Roadmap. EnergyCo is working closely with communities, investors and industry to deliver the state's first five REZs.
